

CUP-A-LATTE

One Click Stirring Mug

Thank you for purchasing **Cup-A-Latte- One Click Stirring Mug**. For best results please read through the entire manual before first use to ensure proper use, care, and maintenance. Please keep manual for future reference.

Product Info:

Cup-A-Latte is suitable for mixing coffee, cocoa powder, hot chocolate, milk, protein shakes, lemonade, broth, etc. Use it at home, the office, at the gym or on the go. (Note: not for use as a blender or with very viscous liquids)

Product Name:	Cup-A-Latte
Model:	dtm-630
Material:	ABS, 304 stainless steel, PTFE
Power Use:	3V
Power:	0.6W
Capacity:	380ml
Executive Standard:	GB4706 1-2005

How it works:

Cup-A-Latte- One Click Stirring Mug contains a small motor, a battery and a small magnetic stirring bar that is activated by the on/off button on the mug handle. When powered on, the motor spins the magnetic stirring bar, which in turn stirs the contents of the mug.

Safety precautions:

To ensure safety and avoid injury, only use the product for its intended purpose. Incorrect use due to non-compliance with safety warning may cause injury.

1. Please keep out of reach of children.
2. Do not allow children to operate or use without proper adult supervision to help prevent accidental ingestion of the magnet stirring bar or scalding by hot drinks.
3. Do not immerse the mug in water. To clean wipe the outer shell with a wet rag. Rinse the inner liner and cup cover with water.
4. Please do not pour food/liquid into mug during the stirring/mixing process.
5. Do not place mug directly on fire or anywhere near a heat source or fire source.
6. Product should ONLY be used for its intended purpose.
7. The maximum operating temperature shall not exceed 212°F
8. Only use included power supply.
9. Clean product properly before use.

Use and Storage:

1. Detach the magnetic stirring bar from the cap and place in the bottom of the mug.
2. Add beverage of choice.
3. Press the one-click button on handle.
4. Taste and enjoy.
5. To store- clean the inside and outside of mug and dry thoroughly. Store at room temperature.
6. Do not soak or clean the mug as whole so as to not damage the circuit and cause loss of function.
7. Install battery properly. Do not mix old and new batteries.
8. **Cup-A-Latte- One Click Stirring Mug** is not suitable for placement in the dishwasher, microwave, or freezer.
9. Please use only according to instructions provided in manual.
10. Operating mug without mixing water or liquid can result in damage to the product.
